ABSTRACT

Motivated and adaptable individual eager to contribute and grow in a dynamic environment.

EDUCATION

PES University 2024 - Present

Master Of Computer Applications

Projects

- **Ticket Re-selling Platform**
A web application that allows users to transfer tickets to others instead of letting them go to waste. Ensures secure transactions and prevents ticket misuse.
- **Secure Bridge**
A platform designed for secure file sharing and collaboration, enabling users to add others to a workspace, engage in discussions, edit and manage code, and download or transfer the workspace securely.

Dr B B Hegde First Grade College, Kundapura 2020 - 2023

Bachelor of Computer Applications

Projects

- **Online Courier Management**
A platform designed to streamline and automate courier services, enabling users to efficiently manage and track shipments. It provides features such as package booking, real-time tracking, delivery updates, customer support, and secure payment processing.

R N Shetty PU College, Kundapura 2018 - 2020
